DIAMOND RED CROSS SURFACE BURNING BASE HEATER,

FOR SOFT OR HARD COAL The First and Onlo Successful Application of the Base Heating Principle to Soft Coal

Heating Stoves Henting Stoves.

The wonderful success attained by the "DIAMOND RED CROSS," has induced us to handle this stove, for which have the exclusive right. We are confident that as a HEATER and FUEL SAVING STOVE IT HAS NO EQUAL. It is SPECIALLY MADE FOR MANITOBA AND THE NORTHWEST TERRITORIES to beare our NATIVE as well as FOREIGN COALS, and in this respect we are sure that we have placed in the market a long site.

BASE HEATING ATTACHMENT UPON THE SYPHON FLUE PRINCIPLE, readers of a STRONGEST AND MOST DESIRABLE HARD OR SOFT COAL HEATER that has ever been a SOFT COAL HEATER to will at once prote the most efficient and economical store that has ever been

ct.

orface burning MARD COAL HEATER, it has no equal anywhere.

Samond Red Cross' is entirely a new stove, and quite different in construction from any other stove. It is made as

overlact, it is artistic in design and righly ornamented with Spun Nickel Urn, name plate and foot rails, and has no

ead the market, it is artistic in design and themy ornance constructions nickel work.

If you are seeking the best hard or soft coal heating stove that has ever been made, and one that will give better service, for he money than any stove you have ever tried, you will not make a mistake in purchasing

THE DIAMOND RED CROSS."

The bayer of this stove will obtain (using soft coal) all the positive advantages of the most complete modern. Hard Coal loss armore, excepting the self-feeding attachment. He will be able to keep fire the usual time the house-hold is sleeping, without viving it any attention. He will be able to warm the floor of his room without raising the temperature of the upper portion we stressing and unhealthy state.

He will be able to reduce his expenses for fuel at least one third.

We estimate at the expiration of five years he will have a better stove and more money in his pocket if he buys this stove team could not eit any princ construction or direct draught stove for soft were given him for nothing. He will obtain greater conflicts and efficiency than has ever before been obtained in constructions for soft and hard coal.

He will find his stove unusually durable, and when it does require repairs, that it can be made at surprisingly small cost. It is enoughly gestation, and the local on he controlled by Check Dampers to perfection.

THIS IS THE ONLY STOVE OF THE KIND IN THE MARKET.

MARKETS.

Very little wheat is being marketed in this city now and no doubt there is very little left to market.

While prices have been going down elsewhere, something seems to be at work in Manitola increasing the value.

It is a good idea for farmers who have wheat on hand, to sall new, as the price will likely docline before long.

A large demand for seed oats is reported. Choice imported seed oats is reported to see the document of the seed oats is reported to the track.

Butter is plentiful although there is not a great deal being brought in by farmers.

factories.

Eggs are very some and it is a difficult matter to get fresh ones.

Frozen beef is plentiful and farmers have a hard jobble in the tile expected the price of the price of the price of the price. Not much doing in live steek. There is good demand for dressed poultry, especially

ELKHORN.

Hogh Elliot, school teacher, fisished his term on Thursday last and at the close of school time a pleasant suprise awaited him. The scholars presented him with a handsome photograph album and address. His successor, F. Taylor, began his dutes on Monday Feb. 3, the annual school meeting was held in the school room. There was a good attendance. The annual report was read and discussed minutely. The ratiring trusted Mr. Buckingham, was re-elected for three years. Messers, J. Proudily and A. D. Jodhillie were appointed auditors. Mr. Littleade has kindly consented to act as librarian of the Elkhorn library. The weather has been beisterens for the past week.

WINNIPLO, Feb. 4. Manifolia Legisla-ture proceedings were highly interesting to the throng of spectators in the galleries last night. Immediately after rotatine, Word, Opposition member, rose on a question of privelege, touching seriously on the private character of Premier Green-way. The Mtomey General objected to the toatter being brought up by Wool and was usustained by the Speaker. The ques-tion comes up on Wolmesbay, notice of notion having been given. There are many sensationed stories on the streets in which the Premier is the chief fugure.

OTTAWA, Feb. 5th. In an interview to-day President Van Horne said this winter had demenstrated the fact that the Canadian Pacific was the only transcontinental road that could be operated every day in the year without interruption to traffic. Speaking of Nellie Bly's feat of circling the globe in 72 days, he said a copy of the London Times, two years ago, was sent around the world via the Canadian Pacific in 69 days, and, if the effort were made, he had no doubt that time could easily be beaten by the Canadian peads.
